ELEMENTS**

# Horizon Monobloc

As innovators of outdoor-living solutions in New Zealand for many years, Shade Elements has become an industry leader of awnings, screens and retractable pergolas.

The Horizon Monobloc is elegantly engineered using European technology and styling. Providing robust protection from the elements, it allows you to merge indoor living with the outdoors all-year round.

Made with quality aluminium and stainless steel, the Horizon Monobloc is easily operated manually or automated with the press of a button. When automated, a wind or motion sensor can be added to retract the awning during high-impact conditions. An aluminium hood can also be included for a streamlined protected finish. The Horizon Monobloc comes with a five-year warranty and has undergone rigorous testing to ensure it withstands extreme conditions. Through sophisticated design and technology, our products make the most of living, without the need to build or renovate.

# Fabric

Colour - the key to creating the perfect environment for you. Our hard wearing fabric range has been carefully developed to make the very best outdoor living accents. Visit [shadeelements.co.nz](http://shadeelements.co.nz) to see the full fabric collection.

Designed and manufactured in Spain and known for its superb quality with an extensive colour palette.

Docril offers an impressive selection of 132 vibrant colours to suit any décor and comes with a 10 year UV warranty.

Shadeview fabric cleverly diffuses light, lends a pared-back finish and optimises views but it still protects you and your home from the elements. Available in different weave options with 25 colours.

# Automation

Awnings can be automated to respond to the touch of a button, allowing you to relax and enjoy the ease of remote operation.
